Join us in our mission. Swing on over to spcacincinnati.org.

“Attempt the impossible in order to improve your work.” - Bette Davis, Cir. 1920s

When I started working in animal welfare in the mid-1990s, my team was told it was impossible to increase the “live release rate” to above 50%. We were told it was impossible to take pets into hospitals for human therapy. We were told it was impossible to achieve 100% spays and neuters prior to adoption.

When I started at the **SPCA Cincinnati** in 2017, my team was told it was impossible to achieve a 90% “live release rate.” We were told it was impossible to improve relations with other animal welfare agencies in our community. We were told it was impossible to decrease the average length of stay for pets in our shelters. We were told it was impossible to have 100% of the pets in kennels spayed or neutered at the end of each work day.

Presented with these great challenges, our Staff and Volunteer team members defiantly faced these impossibilities. Together, we innovated positive solutions. Together, we struggled through the difficult day-to-day tasks while planning improvements. As a team, we worked diligently to find successful answers to the impossible questions.

Today, we ask you to join us as a member of the **SPCA Cincinnati** team. We are asking for your support in our efforts to find solutions for the next “Impossible.”

When considering your bids, please consider the “Impossible” tasks before our agency:

- Changing the dog walker’s motto from “every dog, every day” to “every dog, twice a day”
- Increasing kitten (bottle-baby) survival rate
- Developing and implementing enrichment programs for ALL of our pets
- Decreasing euthanasia through behavioral training and lifesaving interventions
- Teaching humane education to all students in our region

This is just the start! Only with your financial support can we extend our reach and achieve the “impossible” for the animals in our community.

Thank you for your continued and cherished support,

A stylized blue ink signature of Jake White.

Jake White
President & CEO

It is a joy and honor to chair the Fur Ball for the 3rd year in a row! Even though I moved to Boston for a new assignment with my Cincinnati-based employer, there was no question that I wanted to continue serving as Fur Ball Chair and Board Member. The Fur Ball continues to be one of my favorite events of the year where hundreds of animal-loving friends come together to raise funds for the **SPCA Cincinnati**, an organization that plays a critical role in our community. I am so grateful for all your support tonight, as it enables us to further our mission of ensuring the welfare of our animal friends.

Please enjoy the decadence of our Roaring '20s theme, with over 200 items available to bid on, our trip raffle, the Wine Wall, and the excitement of the plea that helps fund our greatest needs to care for the animals that come into our shelters every day.

Cheers to the Roaring (Meowing) '20s and the 2020 Fur Ball, The Great Catsby!

SPCA'S FUR BALL SILENT AUCTION
ARTISTS OF DESIGNER DOGS AND COUTURE CATS

TY BALL - STUDIO B LEBANON, LEBANON, OH

A local muralist and printmaker from Lebanon and a University of Kentucky alumni, Ty teaches 3rd and 4th grade Art at Donovan Elementary. He and his wife India own and operate Studio B Lebanon, which specializes in murals, custom apparel, and commissioned artwork. Ty is a father of two toddlers and also has a dog and kitten. Check out more of his work at Studio B Lebanon on Facebook.

JESSICA BOOKMAN - BOHO & BAREFOOT, LEBANON, OH

An Analytical Chemist at Procter & Gamble, Jessica is also a Lebanon artist who enjoys creating handmade, one-of-a-kind art. She turns preserved flowers and plants into beautiful framed pieces; makes jewelry with hemp, gemstones, and other natural materials; and creates vibrant tie dyes and acrylic painting pieces. Coasters and light switch covers are just a few items she paints using fluid or pour painting. The bright colors in her artwork are used to remind people of the light in the world. Her art can be found at Thimble Gardens in Lebanon. You can also visit her Boho & Barefoot page on Facebook for more information.

BEVERLY WALKER GELBERT - BAWG STUDIOS, LEBANON, OH

Beverly grew up in New Jersey and moved to Lebanon 33 years ago with her family. While Beverly's ADD was an issue in school, it kept her endlessly amused, playing with all different kinds of materials to create. She appreciates all types of styles and her Beverly's art reflects that. When teaching art, she constantly hears from children, "I'm not an artist." We are all artists. Just create!

KIM WANAMAKER - WWW.WANAMAKEART.COM

Kim's story as an artist began when she was very young. Kim's Dad, Bill Duebber, was a talented acrylic painter and showed his work in galleries in Cincinnati and in a few other states. He was partially color blind, Kim would help him mix colors he found difficult to see. Kim entered art shows and went to Central Academy of Commercial Art in Cincinnati in 1987. After graduation, she worked as a graphic designer, photographer, and illustrator for several years. Kim is married and has two children. From 2013 to current day, Kim has been the volunteer lead on painting theatre sets, for 11 shows in her daughter's theatre group, ROYAL Theatre Company in Mason, Ohio. Kim is now part of the Artist's Studios on Main in Loveland, Ohio. She focuses on palette knife abstracts. Kim enjoys teaching private lessons on oil painting, hosting art parties and being in as many arts shows as possible! Wanamakeart Studio is now her second home.

RMDV - RANDY MICHAEL DAVID VUKSTA
 ARCHITECT, DESIGNER, PLANNER, PAINTER AND MIDWESTERNER.
 "I WILL ALWAYS BE AN INLANDER IN SPIRIT" - CHARLES BURCHFIELD

Born and raised in Northern Ohio, Randy continues to call Ohio home. The constantly changing environment of the Midwest allows him to see things in a different light every day! Methods include pouring, spilling, hammering, torching, spinning, and mixing paint with additives to change the chemical composition of the paint. Gravity and how the paint flows across a surface. Allowing paint to combine as it wishes creates a never-ending surprise of results. An exploration of color, shape, and form, his work is both art and a science experiment of many layers, each creating its own flowing abstract surface left open to interpretation. Randy received a Bachelor of Architecture from UC (DAAP) in 1984.

CELESTE VANOVER - THIMBLE GARDENS, LEBANON, OH

Celeste is a Cincinnati Trauma Nurse with a minor in Art and owner of her love child, Thimble Gardens, in Historic Lebanon, Ohio. Thimble Gardens provides an amazing atmosphere for mix media art and creativity.

JACQUELINE ROHNER - I.C.I. STUDIO, LOVELAND, OHIO

A professional artist and owner of I.C.I. Studio in Loveland, Jacqueline Rohner specializes in private lessons, workshops, and private events. Jacqui studied drawing and painting at the Department of Art and Design at Morehead State University where she received a Bachelor's of Fine Art. Challenging herself as a studio artist, Jacqui explores various mediums and forms of art from traditional techniques in illustration and painting to ceramics, mixed media, photography, and graphic design. While she has exhibited in various states, for the past few years she has focused on helping artists of all ages to develop their talents. She has also discovered that she is a natural entertainer after gaining significant experience in theatre, music, and dance. Jacqui lives with her husband Nick, her three children: Drew, Jonah, and Brooke, their cat Heidi, and their dog Mack. She is grateful to participate in the **SPCA Cincinnati** Annual Fur Ball!
